

Flood Mobile Visit to Norfolk

The Flood Mobile is visiting Norfolk to highlight the importance of property flood resilience (PFR).

The Flood Mobile is a specially adapted mobile home that showcases 50 examples of PFR measures, including pumps, barriers, flood resilient air bricks, flood doors and non-return valves.

The Flood Mobile is scheduled to visit Dereham on the 31st of March 2022. Representatives from the Environment Agency, Norfolk County Council and Breckland Council will be in attendance. Also, Mary Dhonau, a flood victim and campaigner, popularly known as “Flood Mary,” and Fola Ogunyoye, a flood risk director and developer of innovative and transformative flood resilience solutions will accompany the Flood Mobile and answer any questions you may have.

To get free practical advice on how to make your property flood resilient please call in at any time during the times below:
